GABRIEL SILVA DUARTE

FULL-STACK DEVELOPER

EXPERIENCE

06/2020 – 06/2021

Bimbo Brasil

Apprentice

• Assisted with administrative tasks in production, updating, automating processes, and creating spreadsheets for control.

06/2021 – 08/2022

Loja Interativa - SoftHouse

Software Development Intern

- Participated in the planning, analysis, modeling, and development of software applications, working with programming languages and environments.

- Developed skills in ASP.NET Web API, Entity Framework, Angular, SQL database management, and version control.

08/2022 – Present

Loja Interativa - SoftHouse

Software Full Stack Developer

- Continued to participate in software development, building upon the experience and skills acquired in my previous internship role.

- Assumed additional responsibilities in project management, including team leadership, task distribution, supervision, and support, while also fulfilling my own development tasks.

- Involved in the recruitment process for new interns, including the preparation and grading of assessments as well as conducting technical interviews.

- Additionally, I maintain client communication, ensuring their needs are met and their feedback is incorporated into our development process.

ABOUT ME

I am a full-stack developer with a steadfast dedication to building and managing software solutions since June 2021. My expertise lies in .NET API (version 5+) for backend and Angular 13+ for front-end development, coupled with skills in mobile development using .NET MAUI and Ionic. Not only technical, my strengths include project management and team leadership, where I oversee project execution and contribute to team growth through active involvement in the recruitment and mentoring of interns.

With a completed degree as of December 2023, my academic achievements are enhanced by practical experience in Unity for game development and AI solutions, showcasing my dedication to ongoing learning and excellence in the tech field.
